KLX 250S DUAL SPORT

Kawasaki
Let the good times roll!™

2012

KLR650

*SHOWN WITH OPTIONAL ACCESSORIES

AROUND THE BLOCK OR AROUND THE WORLD

Set out to design the most versatile dual sport, and you'd probably come up with the Kawasaki KLR™650. Its big 651cc single-cylinder engine effortlessly tackles freeways, off-road trails and high altitudes. Long-travel suspension and roomy ergonomics provide a comfortable ride over all kinds of terrain, while a fairing and hand guards defy wind, rain and cold. A generous 6.1-gallon fuel tank, luggage rack and available touring accessories expand your travel options.

1 / LARGE 6.1 GALLON FUEL TANK

Boasting over twice the fuel capacity of some dual sport machines, the KLR650's 6.1-gallon fuel tank significantly extends travel range. From commuting all week on a single tank, to extended adventure touring or off-road exploring, the KLR650 is always ready to ride.

2 / WINDSCREEN & HAND GUARDS (WIND PROTECTION)

Large fairing, windscreen and hand guards raise the KLR650 a step above ordinary dual sports. Aerodynamic components provide welcome wind protection on the highway – and an even more welcome respite from rain and cold weather. And they're standard equipment.

FEATURES

With proven engineering features and numerous available accessories, it's no wonder the KLR™650 is a perennial choice of adventure tourers.

1 / 651cc LIQUID-COOLED ENGINE

Big 651cc single-cylinder engine kicks out exceptional power for adventure riding, touring and commuting. Liquid cooling means quieter engine operation, sustained power during hard use and better long-term durability, while double balancers reduce vibration for maximum rider comfort.

2 / LARGE COMPOSITE REAR CARGO RACK

From gym bags to backpacks, camping gear to a Kawasaki accessory tail bag, the KLR™650's standard luggage rack increases versatility. Factory-designed for the KLR650, the large rack is made of composite with cast metal grab handles for minimal weight and maximum durability.

3 / ADJUSTABLE PRE-LOAD REAR SHOCK

Kawasaki's exclusive Uni-Trak® rear suspension provides 7.3 inches of wheel travel. Progressive geometry provides a smooth and controlled ride, while 5-way spring preload and stepless rebound-damping adjustability let the KLR650 quickly adapt for a passenger, luggage or off-road terrain.

KLX 250S

FEATURES /

Whether heading downtown or up a scenic trail, the KLX®250S gets you there smiling, thanks to its nimble, fuel-efficient performance.

1 / 249cc LIQUID-COOLED ENGINE WITH 6-SPEED TRANSMISSION

Compact 249cc engine has a broad torque curve for responsive performance across the rev range, along with exciting high-rpm capability. Liquid cooling provides quieter operation with greater durability, while a gear-driven engine balancer ensures smoother power delivery.

2 / ADJUSTABLE 43mm INVERTED FORK

Boasting 10 inches of travel, the 43mm inverted cartridge fork offers precise damping performance on the street or trail – while contributing to a reasonable 35-inch seat height. The 16-way adjustable compression damping allows fine-tuning for rider preference and terrain.

3 / FULLY DIGITAL INSTRUMENTATION

Crisp backlit LCD screen ensures essential data is highly visible – even in bright sunlight, shadows or at night. All-digital instrumentation includes a large-font speedometer, racing-style 13,000-rpm bar-graph tachometer, coolant-temperature gauge, odometer, dual trip meters and clock.

4 / ELECTRIC START

Push-button electric start makes starting the KLX250S quick, convenient and most of all easy to use. The reliable system utilizes the Kawasaki Automatic Compression Release (KACR) system, which automatically lifts one of the exhaust valves during cranking operation.

SPECIFICATIONS & COLORS

2012
KLR™650

ENGINE	Four-stroke, DOHC, four-valve single
DISPLACEMENT	651cc
BORE X STROKE	100.0 x 83.0mm
MAXIMUM TORQUE	36.9 lb-ft @5,500 rpm
COMPRESSION RATIO	9.8:1
COOLING SYSTEM	Liquid
CARBURETION	Keihin CVK40
IGNITION	Electric CDI
TRANSMISSION	Five-speed
FINAL DRIVE	O-Ring Chain
FRAME TYPE	Semi-double cradle, high-tensile steel
RAKE/TRAIL	28 degrees / 4.4 in.
FRONT SUSPENSION / WHEEL TRAVEL	41mm telescopic fork / 7.9 in.
REAR SUSPENSION / WHEEL TRAVEL	Uni-Trak® single-shock system with 5-way preload and stepless rebound damping / 7.3 in.
FRONT TIRE SIZE	90/90x21
REAR TIRE SIZE	130/80x17
FRONT BRAKES / REAR BRAKES	Single 280mm petal-type disc, two-piston caliper / Single 240mm disc, single-piston caliper
OVERALL LENGTH	90.4 in.
OVERALL WIDTH	37.8 in.
OVERALL HEIGHT	53.1 in.
GROUND CLEARANCE	8.3 in.
SEAT HEIGHT	35.0 in.
CURB WEIGHT	432 lbs.*
FUEL CAPACITY	6.1 gal.
WHEELBASE	58.3 in.
COLOR CHOICES	(1) Metallic Flat Raw Graystone / Ebony, (2) Candy Persimmon Red / Galaxy Silver, (3) Metallic Imperial Blue / Pearl Stardust White
GOOD TIMES™ PROTECTION PLAN	12, 24 or 36 months
WARRANTY	12 months
MPG	55 mpg

*Curb weight includes all necessary materials and fluids to operate correctly, full tank of fuel (more than 90% of capacity) and tool kit (if supplied).

2012
KLX[®] 250S

ENGINE	Four-stroke, DOHC, four-valve single
DISPLACEMENT	249cc
BORE X STROKE	72.0 x 61.2mm
MAXIMUM TORQUE	15.2 lb-ft @ 6,500 rpm
COMPRESSION RATIO	11.0:1
COOLING SYSTEM	Liquid
CARBURETION	Keihin CVK34
IGNITION	Digital CDI
TRANSMISSION	Six-speed
FINAL DRIVE	O-ring Chain
FRAME TYPE	Semi-double cradle, high-tensile steel
RAKE/TRAIL	26.5 degrees / 4.1 in.
FRONT SUSPENSION / WHEEL TRAVEL	43mm Inverted Cartridge Fork with 16-Way Compression Damping Adjustment / 10.0 in.
REAR SUSPENSION / WHEEL TRAVEL	Uni-Trak [®] with Adjustable Preload, 16-Way Compression and Rebound Damping Adjustment / 9.1 in.
FRONT TIRE SIZE	80/100x21
REAR TIRE SIZE	100/100x18
FRONT BRAKES / REAR BRAKES	250mm semi-floating petal disc with two-piston hydraulic caliper / 240mm petal disc with single-piston hydraulic caliper
OVERALL LENGTH	86.6 in.
OVERALL WIDTH	32.3 in.
OVERALL HEIGHT	47.4 in.
GROUND CLEARANCE	11.2 in.
SEAT HEIGHT	35.0 in.
CURB WEIGHT	297.7 lbs.*
FUEL CAPACITY	2.0 gal.
WHEELBASE	56.3 in.
COLOR CHOICES	(1) Lime Green (2) Red
GOOD TIMES [™] PROTECTION PLAN	12, 24, 36 or 48 months
WARRANTY	12 months
MPG	70 mpg

*Curb weight includes all necessary materials and fluids to operate correctly, full tank of fuel (more than 90% of capacity) and tool kit (if supplied).

KLX®250S DUAL SPORT

Go to Kawasaki.com to find the dealer near you.

12 Month Warranty

Your new KLR/KLX motorcycle comes with a 36-month/unlimited mileage limited factory warranty. Read the next paragraph to find out how you can extend your coverage inexpensively, or ask your dealer for details about the factory warranty and available extended coverage.

Up to Three Years Additional Coverage*

Let Kawasaki protect your new machine for years to come* with the exclusive Good Times™ Protection Plan. This plan repairs or replaces most components free of charge if found defective in material or workmanship. Everything about the plan is easy: There's no deductible. It's honored at every authorized Kawasaki motorcycle dealer nationwide. It's transferable to another owner with no fee. Just ask your dealer how you can buy extended coverage of 12, 24, or 36 months. Imagine, for just pennies a day, you can ride with no worry and no hassle. Just tell your dealer you want the Good Times Protection Plan.

*Depending on the program purchased.

Ride With Zero Down**

We offer up to 100% instant financing on most Kawasaki products with the Good Times™ Credit Plan and the Good Times™ Credit Card. Qualified buyers can ride away on a brand-new Kawasaki with no down payment. In most cases, the computerized credit approval takes just minutes. You can even add insurance, accessories and the Good Times Protection Plan to your contract. Ask your participating dealer for details. Good Times Credit Plan not available in Canada. **Qualified buyers.

Safe Riding's More Fun

Ride responsibly. Kawasaki believes safety begins with us and continues with you. Always wear a helmet, eye protection and proper apparel. Passengers too. Ride defensively. Obey the Basic Speed Law. Never ride under the influence of drugs or alcohol. Riding is more fun on a well-maintained motorcycle...follow the instructions in your owner's manual. Remember, riding safe is smart.
